Part II Computation for Certain Taxpayers Who MUST Itemize Deductions

If you are included in one of the groups below, you MUST itemize. If you must itemize and the amount on Schedule A (Form 1040), line 40, is more than your itemized deductions on Schedule A, line 39, you must complete Part II before figuring your tax.

Note: If your earned income is more than your itemized deductions, you don't have to fill in Schedule A. Just enter your earned income in Part II, line 3, of this schedule, unless you are married filing a separate return and your spouse itemizes deductions. Generally, your earned income is the total of any amounts on Form 1040, lines 8, 13, and 19. See page 12 of the instructions for Form 1040 for more details.

line 3, of this schedule. If this is the case, don't complete Part II. Go back to Form 1040, line 33, and enter \$0. Then go to Form 1040, line 34.)

You MUST itemize your deductions if:

A. You can be claimed as a dependent on your parents' return and had interest, dividends, or other unearned income of \$1,000 or more and had earned income of less than \$2,300 if single (less than \$1,700 if married filing a separate return).

B. You are married filing a separate return and your spouse itemizes deductions. (There is an exception to this rule. You don't have to itemize if your spouse must itemize only because he or she is described in A and enters earned income instead of itemized deductions on Part II,

C. You file Form 4553 to exclude income from sources in U.S. possessions. (Please see Form 4553, and Publication 570, Tax Guide for U.S. Citizens Employed in U.S. Possessions, for more details.)

D. You had dual status as a nonresident alien for part of 1979, and during the rest of the year you were either a resident alien or a U.S. citizen. However, you don't have to itemize if at the end of 1979, you were married to a U.S. resident or citizen and file a joint return reporting your combined worldwide income.

1	Enter the amount from Form 1040, line 31	1		
2	If you checked Form 1040, Filing Status Box [2 or 5, enter \$2,000] [1 or 4, enter \$1,000] [3, enter \$1,700]	2		
3	Enter the amount from Schedule A, line 39	3		
Caution: If you can be claimed as a dependent on your parents' return, see the note above. Be sure you check the box below in 33 of Form 1040.				
4	Subtract line 3 from line 2	4		
5	Add lines 1 and 4. Enter here and on Form 1040, line 31. (Leave Form 1040, line 33 blank. Date and the instruction to subtract line 33 from line 32. Follow the rest of the instructions for Form 1040, line 31.)	5		

The example below may help you to complete Part II.

Example: Walter Green, a single individual, is claimed as a dependent on his parents' return. Walter's adjusted gross income, Form 1040, line 31, is \$49,500. Of this amount, \$1,900 was earned income from a summer job and \$2,500 was unearned income that he received as a beneficiary of a trust. Because Walter is being claimed as a dependent on his parents' return and has unearned income of \$1,900 or more and earned income of less than

\$2,300, he must use Part II of Schedule 10. Walter knows that his total itemized deductions are only \$1,700. Since this is less than his earned income (\$1,900), he does not have to file Schedule A. Walter enters \$2,300, the zero amount amount for a single individual, on line 2 of Part II and his earned income on line 3. He completes Part II as shown below and enters the total of \$41,600 on Form 1040, line 34. He then figures his tax using the Tax Tables as explained in the instructions for lines 31 and 35 on page 12.

1	Adjusted gross income	\$49,500
2	Zero amount for a single individual	\$2,300
3	Earned income	\$1,900
4	Subtract line 3 from line 2	\$400
5	Add lines 1 and 4. Enter here and on Form 1040, line 31	\$41,600

Note: If Walter had a spouse, he would file a joint return with her. In that case, he must complete Schedule A first.

Employee Business Expenses

(Please use Form 3903 to figure moving expense deduction.)
 Attach to Form 1040.

94-4602 1979

Your name James E. Carter	Social security number	Occupation in which expenses were incurred President of U. S.
Employer's name U. S. Government	Employer's address Washington, D. C.	

Instructions

Use this form to show your business expenses as an employee during 1979. Include amounts:

- You paid as an employee;
 - You charged to your employer (such as by credit card);
 - You received as an advance, allowance, or repayment.
- Several publications, available free from IRS, give more information about business expenses:
- Publication 453, *Travel, Entertainment, and Gift Expenses*.
 - Publication 529, *Miscellaneous Deductions*.
 - Publication 587, *Business Use of Your Home*.
 - Publication 508, *Educational Expenses*.

Part I.—You can deduct some business expenses even if you do not itemize your deductions on Schedule A (Form 1040). Examples are expenses for travel (except commuting to and from work), meals, or lodging. List these expenses in Part I and use them in figuring your adjusted gross income on Form 1040, line 31.

Line 2.—You can deduct meals and lodging costs if you were on a business trip away from your main place of work. Do not deduct the

cost of meals you ate on one-day trips, when you did not need sleep or rest.

Line 3.—If you use your own car in your work, you can deduct the cost of the business use. Enter the cost here after figuring it in Parts IV, V, and VI. Base the cost on your actual expenses (such as gas, oil, repairs, depreciation) or on a mileage rate.

The mileage rate is 18½ cents a mile up to 15,000 miles. After that, or for all business mileage on a fully depreciated car, the rate is 10 cents a mile. (For depreciation, see Publication 463.)

Figure your mileage rate amount and add it to the business part of what you spent on the car for parking fees, tolls, a truck, and State and local taxes (except gasoline tax).

Line 4.—If you write an outside salesperson with other business expenses, list them on line 4. Examples are selling expenses or expenses for stationery and stamps. An outside salesperson does all selling outside the employer's place of business. A driver or messenger whose main duties are to make a delivery, such as delivering bread or milk, is not an outside salesperson. (For outside salesperson, see Publication 463.)

Line 5.—Show other business expenses on line 5 if your employer paid you for them. If you were paid for part of them, show here the amount you were paid. Show the rest in Part II.

Part II.—You can deduct other business expenses only if (a) your employer did not report you, and (b) you itemize your deductions on Schedule A (Form 1040). Report these expenses here and under Miscellaneous Deductions on Schedule A. Examples are union or professional dues and expenses for tools and uniforms. (For details, see Publication 529.)

You can deduct expenses for business use of the part of your home that you exclusively and consistently use for your work. If you are not self-employed, your working at home must be for your employer's convenience. (For business use of home, see Publication 587.)

If you show education expenses in Part I or Part II, you must fill out Part III.

Part III.—You can deduct the cost of a course that helps you keep or improve your skills for the job you have now. This includes education that your employer, the law, or regulations require you to get in order to keep your job or your salary. Do not deduct the cost of study that helps you meet the basic requirements for your job or helps you get a new job. (For education expenses, see Publication 508.)

Part V.—If you trade in a car you used in business for a new one you also used in business, fill out lines 1 through 15. If you get a cash for a new car or trade an old car not used in business, fill out only lines 12 through 15. Prepare the basis for depreciation each year in the future that your percentage of business use changes.

NOTES TO THE STATEMENT OF ASSETS AND LIABILITIES
DECEMBER 31, 1979
(UNAUDITED)

94-4802

- NOTE 1: The amounts presented in the accompanying statement are based principally upon the accrual basis method of accounting.
- NOTE 2: Estimated market values of real estate are 100% of the fair market values as determined by county tax assessors except as to certain commercial real estate other than farm land held in the personal assets trust, which commercial property is stated at book value.
- NOTE 3: This statement excludes campaign fund assets and liabilities.
- NOTE 4: A personal assets trust was created in January, 1977 to isolate the President from those of his assets which are most likely to be affected by actions of the federal government. The President transferred an interest in a partnership to the trust. The President was responsible as a general partner for obligations of the partnership. The transfer to the trust did not affect such responsibility. The amount stated as the cost of the assets in the personal assets trust represents, in general, the cost of the properties adjusted for undistributed earnings or incurred losses.
- NOTE 5: If the market values of the assets were realized income taxes would be payable at an uncertain rate. A provision for such income taxes has been made at rates in effect for 1980.
